

Table 1: Estimated Population in Cities and Unincorporated Areas of Counties within the Impacted Area of Thermal Electric Generating Facilities to be used in 2006 Fund Allocations

Impacted Cities and Towns and Unincorporated Areas	2005 Population to be used in 2006 Fund Allocations	Proportion of Impacted Unincorporated Population by County	Proportion of Impacted Incorporated Population by City and Town
Total Unincorporated	61,010	1.000000	
Total Incorporated	187,255		1.000000
<u>Benton</u> Unincorporated Area	35,320	0.578921	
Benton City	2,840		0.015166
Kennewick	60,995		0.325732
Prosser	5,045		0.026942
Richland	43,520		0.232410
West Richland	10,210		0.054525
<u>Franklin</u> Unincorporated Area	12,225	0.200377	
Connell	3,195		0.017062
Mesa	440		0.002350
Pasco	44,190		0.235988
<u>Grant</u> Unincorporated Area	215	0.003524	
<u>Walla Walla</u> Unincorporated Area	5,305	0.086953	
<u>Yakima</u> Unincorporated Area	7,945	0.130225	
Grandview	8,705		0.046487
Sunnyside (Part)	8,115		0.043337

Notes:

City and town boundaries, fire district, library district, and other special district boundaries may vary when obtained from different sources due to (1) the update cycle for annexations, (2) right of way offsets, (3) the accuracy of source information, (4) the accuracy of base maps, and (5) the precision in boundary depiction. Thus, population estimates developed from different boundaries on different source maps may vary.

In determining the impacted area according to RCW 54.28.010(7), the entrance at the intersection of Stevens Drive and Horn Rapids Road was considered the most commonly used entrance of the Hanford federal reservation.

2005 Population includes annexations through February 28, 2006.

Populations are rounded to the nearest 5.
